

# MotivAider®

## Self-Improvement. Delivered.

The MotivAider is an ingeniously simple electronic device that was designed from scratch to enable people of all ages to easily make desired improvements in their own behavior. It allows users to quickly, efficiently and privately eliminate unwanted old habits and build constructive new ones.

*The MotivAider is easy to use. It works privately and automatically to transform your good intentions into real life-improving action.*

### How it works

Invented by a clinical psychologist, the MotivAider makes it easy to improve your habits.

The MotivAider works by automatically keeping your mind focused on making virtually any improvement you choose to make. It keeps your good intentions from getting lost in the shuffle so you can actually benefit from the same knowledge, ability and motivation that you normally waste.

The MotivAider looks like a pager and weighs less than three ounces. You simply clip it on your belt or waistband or carry it in a pocket.

The MotivAider communicates with you in a way that's as private as a thought. It uses a silent pulsing vibration signal to capture your attention without disrupting your normal activities.

### It Works with Your Mind to Make Your Mind Work Better

To use the MotivAider, just choose a brief personal message – a word, phrase or image - that reminds and motivates you to make the desired change.

Next, *connect* your personal message to the MotivAider's vibration so that whenever you *feel* the MotivAider vibrate, you automatically *think* your personal message.

Now, just set the MotivAider to send you private signals – and therefore your personal message – as often as you want.

### The MotivAider does the rest!

The MotivAider automatically sends a steady stream of personal reminders flowing through your mind.

The MotivAider virtually guarantees that you'll stay focused on making the desired improvement until the improvement becomes a habit.

## The “Swiss Army Knife” of Self-Improvement

The MotivAider gives new meaning to the word “versatile!” Because it corrects for a fundamental flaw in the way the mind treats your good intentions, the MotivAider lets you make desired improvements – both big and small – in virtually any area of your life.

The MotivAider is used in 35 countries in industries that range from healthcare and education to business and sports.

The same simple tool will help you stick to a diet, improve your golf or tennis game, or improve your job performance. You can use the MotivAider to try out a new outlook or attitude, to stay focused at work, or to improve your image or relationships. It will help you quit smoking, get organized, or be a better parent or partner. Or you can use it to improve your posture, reduce stress, become a more effective and comfortable public speaker, or stop biting your fingernails. ***It's true!***

Imagine all the improvements it can help you make! At **\$59.50**, the MotivAider is a great investment.

## An Amazing Tool That Works the Way You Want it to Work

The MotivAider comes preset to operate in a simple, intuitive way. But you can also access an array of advanced functions that allow you to fully customize the MotivAider to satisfy your own special needs and preferences. For example,

- Choose to receive signals from as often as every few seconds to as seldom as once a day
- Customize both the strength and duration of the vibration signal
- Choose between receiving signals at regular or truly random intervals

## What You Get When You Buy a MotivAider

The MotivAider includes a long-life industrial battery and removable belt-clip. But you get a lot more than what comes in the box.

- A 30 day money back (less S&H) satisfaction guarantee. *If the MotivAider doesn't work for you, we don't want you to keep it!*
- A 3 year warranty
- Free downloadable guides and other resources
- Exceptionally responsive customer service from a proudly small, mission-focused company that exists solely for the purpose of helping people change their habits
- Free lifetime consultation and support from the same people who have spent the last two decades helping MotivAider users worldwide achieve great results.

## Self-Improvement. Delivered.

The MotivAider can help you transform virtually any good intention into real life-improving action!
